U-GO ACCESS

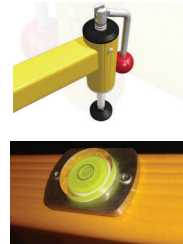

PART NUMBER: V11125

RAZOR DECK 200 XTRA

The Razor Deck XTRA is the new low-level work platform from U-GO Access. Superseding the previous model the Razor Deck XTRA comes complete with a range of new features that make it even safer and easier to operate.

New features:

- Cranked handle for rapid deployment of outriggers
- Super strength locking elbows
- Locking grenade pins to ensure correct hinge engagement
- Spirit level vials to check that the unit is being used on a flat surface
- Fork lifting guide points for easy mobility

Meets all relevant requirements of EN 1004:2004 and WAHR: 2005
